

**The Allround Machine VTC 200:
for every metal or alloy you want to cast.**

VTC 200

performance

power max. / electrical connection
temperature max.

| | |
|----------------|-----------------|
| 15 kW | 3 x 400V |
| 2000° C | |

capacity

volume graphite crucible
volume ceramic crucible
for use of flasks up to

■ 145 ccm = 2,0 kg Au 18 ct
180 ccm = 1 kg steel
ø 125 mm / 220 mm h

handling+control

vibration technology
tilting mechanism with motor drive
automatic tilting
automatic flask fixing
casting programs
temperature control by pyrometer

■
■
■
■
100
■

quality management

RS 232, diagnostic system, remote service
data printer

■
■

accessories

pyrometer with video output
